

Berghotel Schatzalp

The BERGHOTEL SCHATZALP (300 m above DAVOS at 1865 meters above sealevel) is situated on a unique car-free south slope with free view of the Davos valley and the opposite mountain range. It can only be reached by the romantic Davos-Schatzalp cable car. The former spa and sanatorium, built in Art Nouveau style has fully retained its Belle Epoque charm and radiates an atmosphere perfectly suited to tango. It is the venue of the yearly Thomas Mann congress, writer of the famous novel 'Der Zauberberg'/'The magic mountain'. Those who wish to flee the idyll, travel down to visit Davos with all of its possibilities (the Kirchner-Museum, with the world's largest collection of this expressionist's paintings, cross country skiing tracks, ice skating rink, shopping, entertainment, cinema and disco). The cable car runs until late!

We welcome participants of any age as well as children, friends and colleagues. Tango classes (1.5h) of three skill levels daily. Dancing in the salon and philosophical conversations at the hotel bar every night. The Schatzalp Snow Tango Week is by all means a one-of-a-kind experience. Bring your classy wardrobe, here you can show it off. And entice the dancing partner(s) of your dreams to join you.

The hotel is situated in the sunny and charming skiing area Schatzalp /Strela and is connected to the big skiing area Parsenn (Weissfluh summit at 2844m). We can ski straight down to the hotel. The Jakobshorn area, an eldorado for snowboarders can be reached easily as well. You can take ski or snowboard classes or go on a ski hike. Just in front of the hotel starts the toboggan trail down to Davos, as well as 10 km of well preserved winter hiking trails. Cross country skiing trails can be found in the valley.

The hotel and the rooms are furnished simply, yet elegantly. All rooms have their own bath or shower and toilet. Rooms on the south side have large balconies for sunbathing and enjoying the incredible view. Those of you wishing to treat themselves to something extraordinary can reserve a luxury superior room. Your room wishes will be handled in accordance to the order of application and downpayment.

The hotel can be reached by train easily:
Zurich - Davos Platz (change in Landquart) takes 2-3 hours only.

February 9 - 16, 2002

*Additional Tango Week in the
Jugendstil Berghotel Schatzalp Davos*

Tango classes and organisation

Cecilia Gonzalez

Cecilia del Carmen Gonzalez is one of Buenos Aires' best professional tango dancers. With her background in classical and modern dance she has been teaching regularly in Europe, in the USA and Canada as well as at the renowned yearly CITA tango congress in Buenos Aires ! She counts superb dancers like Chicho, Fabian Salas, and Osvaldo Zotto among her dancing and teaching partners. Sharing her fifth Davos year with us, her open-mindedness guarantees for high level, up-to-date, yet relaxed and attentive teaching.

Jean-Sébastien Rampazzi

Again we have the pleasure of welcoming an outstandig dancer, sought-after performer and choreographer in Davos Snow Tango Week. Originating from the ever-moving tango metropolis Paris, Jean-Sébastien Rampazzi devotes himself to extending tango as we know it beyond its borders. His fascinated search for new musical, technical and choreographical horizons not only enhances his own dancing, it also inspires his workshops in Europe and overseas, as much as his contemporary dance and theater projects in Paris, Avignon and Berlin.

Dominik Müller

A sociologist working in the performing arts' field, he has been dancing tango argentino and other social dances for twelve years now. For 10 years he has been teaching argentine tango in several cities throughout Switzerland. Initiator and organiser of TangoStadt Zurich 1999, he today hosts the monthly 'Late Tango Nights' in Zurich's famous Jazzclub Moods.

Heinz Schneebeli und Petra Starmans

Dancing tango for nine years now, the last four years they have been teaching in several cities of the Swiss CantonAargau and in Zurich. They hosted the well-known TangoBar 'lavable' in Baden . Questing for out-of-the-ordinary dance venues and music as well as for a free-minded approach for both dancing partners, they have been 'Davos'-aficionados from the very beginning...

Further Possibilities

- * 200 km of skiing trails, 10 km of winter hiking trails and 75 km of cross country skiing trails
- * Renting skis, snowboard, skiing boots near to the cable-car valley station.
- * Ski and snowboard classes (in case of many interested, we will organise a teacher for our group).
- * Enjoying the view and soaking up the sun sitting on your balcony or on the hotel's own sun terrace.
- * Daily children's activity program in the hotel.

Important details

- * The maximum number of participants in our Snow Tango Week is 40 persons. After last years' successes we expect our list to fill up rapidly. So please register as soon as possible!
- * We can only accept tango class applications as a couple. Therefore try to motivate your favourite dancing partner to come with you to Davos.
- * Single dancers are invited to join our contact list on our website or by fax to try and find themselves a dancing partner for this week.
- * Applications and room reservations are valid only by means of the registration form enclosed and after the receipt of your downpayment of CHF 500.- per person.
- * Your wishes regarding rooms (south or mountain side, standard or superior) will be treated in order of downpayments received and by availability. Again: Register soon!
- * Please take note of the annulation regulations on the registration form.
- * Final definition of participants' tango class level will take place in Davos
